ABOUT “ADVANCE DIRECTIVES”

The best person to make decisions about your medical care is you. The best time to make decisions about what kind of medical care you would like, should you become terminally ill, is in advance, while you are healthy and able to make your wishes known.

What is an Advance Directive?

An advance directive is a written or oral statement that is made and witnessed in advance of serious illness or injury describing your wishes with regard to medical decisions. An advance directive allows you to state your choices about healthcare or to name someone to make those choices for you should you become unable to make decisions about your medical treatment or care.

What is a Living Will?

A living will generally describes the type of medical care you want or do not want if you are unable to make your own decisions. It is called a *Living Will* because it takes effect while you are still living. You may wish to speak to an attorney or physician to be certain you have completed the living will in a way that your wishes will be understood.

What is a Healthcare Surrogate Designation?

A "healthcare surrogate designation" is a signed, dated and witnessed document naming another person such as a spouse, child or close friend as your agent to make medical decisions for you should you become unable to make them for yourself. This designation is often included in the Living Will.

You may wish to name a second person as an alternate, should your first choice for healthcare surrogate not be available. Be sure, however, to notify these persons that you have named them as healthcare surrogates, and inform them of your wishes. It is also a good idea to give them, as well as your physician and attorney, a copy of both your living will and the healthcare surrogate designation documents.

Do I have to complete an Advance Directive under (state) law?

No, there is no legal requirement to complete an advance directive. However, if you have not completed an advance directive or designated a healthcare surrogate, healthcare decisions may be made for you by a court appointed guardian, your spouse, your adult child, your parent, your adult sibling, an adult relative or a close friend, in that order.

What if I change my mind after I have completed a Living Will and/or designated a Healthcare Surrogate?

You can change or cancel these documents at any time, either orally, or in writing.

What should I do with my Advance Directive?

- Make sure that someone, such as your physician, lawyer or family member knows that you have an advance directive and where it is located.

- If you have designated a healthcare surrogate, give that person a copy or the original.
- Give your physician a copy for your medical file.
- Keep a copy of your advance directive in a place where it can be found easily.
- Keep a card or note in your wallet or purse that states that you have an advance directive and where it is located.
- If you change your advance directive, make sure your physician, lawyer and/or family member has the latest copy.

Thank you for choosing Performance Home Medical to meet your medical equipment & supply needs.

BILLING POLICY

Performance Home Medical will, in most cases, bill both your primary and secondary insurance for you and accept "assignment of *benefits*" on your behalf when we can verify your coverage. Prior to submitting the claim to your insurance, Performance is required to gather all the documentation to prove "medical necessity", which generally includes a detailed written prescription from your physician, diagnosis, prognosis, a copy of your physician's chart notes, length of need, test results, any treatment that has been tried and failed, and what is being prescribed to treat your condition.

It is your responsibility to assure Performance has complete and accurate information for contact purposes and insurance billing/payment. If you have utilized this equipment previously and payment has been made by your insurance to another supplier or you have discontinued use, you must notify Performance immediately as it may affect your insurance benefits or lead to an insurance overpayment that will require repayment. You are also responsible to notify us of any changes to your address, phone, physician, insurance, secondary insurance, responsible party or changes in your usage. Additionally, it is essential that you must respond, in a timely manner to phone calls and other information requests from Performance. Failure to notify Performance of changes, insurance termination or respond to information requests, will immediately transfer billing directly to the patient/responsible party.

Please note that some insurance plans rent to purchase, some rent for a few months and then purchase and some purchase the equipment initially. Most insurance plans also require documentation that you are using and benefiting from the equipment to continue rental after the 3-month trial period.

Once your insurance plan receives the claim and approves coverage based upon your eligibility and medical necessity, they will compute payment to determine your policy allowable and subtract any remaining deductibles and co-insurance which are your financial responsibility. Assigned claims are paid directly to Performance Home Medical on your behalf. Claims for Medicare as secondary payer, third party liability, cases pending litigation or settlement, cases involving attorney intervention or auto insurances will not be billed "assigned" and therefore full payment is due at the time of service.

Based upon your insurance plan requirements, PHM will continue billing your insurance for the equipment & supplies until the "allowed" purchase price has been paid in full by you and your insurance. Ultimately, you are responsible for payment.

Non-covered items will not be billed to insurance unless required by regulation and must be paid for at the time of service. You may be asked to sign a "waiver" stating that you understand insurance will not pay for this item and that you will be personally responsible for the charges.

PATIENT PAYMENT POLICY

If you do not have a secondary insurance or 100% coverage that PHM can bill for payment of your claim, you will be required to either sign up for "Auto Pay" throughout your rental period. Auto Pay is a simple, secure and time saving system that allows Performance Home Medical to apply your balance due to your credit card or checking account once your insurance company has determined your financial responsibility. You will receive an invoice via email or US Mail that is generated after your insurance company has paid their portion. At that time you have 6 days to contact our Billing department to change your method of payment for this one transaction prior to the auto-pay system charging your card or checking account. Your payment information is not stored anywhere in our office systems once it is entered into the Autopay portal. Additional information on AutoPay is included within this packet. Please contact us if you have questions about this process.

NOTE: Monthly rental charges do not cease until the equipment has been purchased or returned to a Performance location during regular business hours. Upon return a receipt will be provided for your records. Rental charges are based upon a monthly fee and will not be pro-rated. Please contact us if you have questions or concerns at 866-68 -4463 or 253-852-56 2, M-F - 8:30 AM to 5:00 PM.

What is Autopay? Why is it Required?

Patients normally have insurance plans that require either co-pay portions or deductibles. Autopay is a secure system that allows Performance Home Medical to apply your payment to your credit card/check. When you sign up for Autopay you agree to allow patient pay balances for rentals and supplies to be applied to your card/check once the insurance company has determined your balance owed. Most medical equipment companies and other healthcare providers have gone to this process for patient balances.

How does it work?

- It is simple, secure, and saves time in the writing and mailing of checks. Your payment information is not stored anywhere in our office systems once it is entered into the Autopay portal.
- Prior to the time that you receive equipment or services, you will be added to our Autopay portal.
- You will receive an invoice via email that is generated once your insurance company has paid their portion. This is the balance that you owe. You have a window of 10 days to contact our Billing Department at 866-905-2455 to change your method of payment for this one transaction otherwise we will bill your card/check.

Why is this necessary and required by us?

- The insurance industry has reduced reimbursement for medical products by **40%+** over the past year. That has resulted in a huge savings to you!
- For us to continue to provide services, it is imperative that we collect the portion that your insurance company has deemed is your responsibility.
- This will help keep healthcare costs down.
- It saves time and costs of mailing. Ultimately this saves you \$\$\$\$. It is efficient!
- Most insurance companies pay monthly rentals for medical equipment (10-13 months). Rentals are applied to a maximum purchase price but bills for rentals and supplies are generated monthly. Autopay allows for efficient payment for your portion of the provided services.
